To: Public Hearing

Subject: bank of walmart

I write to you asking for your help. Our country is in big trouble & needs major assistance. It should come from powerful people not trying to profit at every opportunity but trying to make it reasonable for all Americans way of life. I find it very peculiar that the Board of Directors making this monumental decision may not even attend the meeting. This is a clear sign that power and money go hand in hand. I ask you to please attend these hearings and represent the people of America and show that by approving this would only benefit the Walton Family and the walmart bottom line. We are slowly but surely being pushed out by the saturation of Chinese products made for a fraction of cost by Slave Labor & Communist Dictators. The Walton Family continue getting wealthy, while the rest of America goes down the drain. Please do not support this bank of walmart and inform the American public why China is NOT good business. How many jobs must America lose? How much money will China steal from America? How many jobs will we lose to slave labor? Please help America by NOT supporting this bank.

Thank You,

Juan Traversone
